

## Get Ready, Get Set, Get Market Day

As a new school year kicks into full gear, so has Market Day fundraising, offering many new products, promotions, and giveaways, as well as a new way to order your favorite snacks, meats, and meals. The program raised approximately \$4,340 for QP School with its first 12 sales, and it's all because of your support and backing! This year, the QP Market Day Committee has set a new goal of \$6,000, and we hope you will again help us achieve that figure.

Keep in mind as you glance over the Market Day order form each month that EVERYBODY EATS. What you buy will not go to waste as this company's food items are premiere in taste and quality, and they have purchase power you can't find in any grocery store - at least 10 percent of every dollar spent is given back to QP.

### ENTER TO WIN

Enclosed in this packet is the September Market Day flyer and order form, which is filled with new products plus old favorites. Also attached is the Connect 2 Win's Enter Today sheet that will register you to win an Apple iPad2 (grand prize), Apple iPod touch (first prize), Apple iPhone (second prize), or \$25 Market Day gift certificate (third prize).

No purchase is required. We only ask that you collect and list e-mail addresses of grandparents, family members, coworkers, and close friends (with their permission of course) on the sheet to help us qualify to double our Market Day profits in January. We are competing with dozens of Illinois schools similar to QP's size, so we need as many e-mail addresses as possible to compete for this free money!

Just send the sheets back to school via your children's backpacks as soon as possible. Market Day does not sell personal information; however, you may begin receiving Market Day e-mails about special offers and sale dates. Even if you are an existing customer, please sign up. Every signature counts.
